REGULAR AGENDA ITEMS

1. Approval of FY 2019 Award Budget:

On motion by Mr. Bush, seconded by Dr. Burnett, all Board Members legally present and participating voted unanimously to approve Regular Agenda Item #1.

**Summary:**
The Mississippi Office of Student Financial Aid requests approval of a scaled award budget for the 2018-19 academic year, due to insufficient funds to award all students on all programs. The 2018 Mississippi Legislature passed SB 2946, Appropriation; IHL – Student Financial Aid. The FY 2019 appropriation is $42.3 million or 9.1% below the amount requested in the Mississippi Budget Request (MBR), which was developed by the Office and approved by the Postsecondary Board in June 2017.

- The blue column shows the original budget created for the MBR in June 2017.
- The red column shows projections revised during the 2018 Legislative session. As actual applicant counts became available during the spring of 2018, the Office adjusted the projected need.
- The green column shows the proposed award budget based on the appropriation.

*Exhibit 2 (Page 17) - Measures to Reduce Shortfall*
Per Miss. Code Ann. § 37-106-14 (2), award grants first and limit loans to renewal applicants only on a first-come, first-served basis with preference for renewals. If grants are fully funded, the budget still faces a deficit. Therefore, no loans will be awarded, except in the programs that receive specific appropriation through the appropriation bill. The appropriation bill provides specific appropriation for the Speech-Language Pathologist Forgivable Loan (SLPL), the Teacher Education Scholars Forgivable Loan (TES), and the SREB Regional Contract Program (SREB).

*Exhibit 3 (Page 18) - Award Budget Comparisons*
Exhibit 3 shows a comparison of the proposed award budget for 2017-18, the actual awards made during 2017-18, and the proposed award budget for 2018-19.

**Recommendation:**
The proposed award budget has been reviewed by the Office of the Attorney General. Board approval is recommended.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.
B. Chapter 2, Rule 2.4 to Alter the Board Meeting Schedule

Summary:
The Postsecondary Board schedule of meeting in March, June, September, and October has changed frequently in recent years. The Annual Report will typically be approved in early January and the award budget must be approved in April. The Board has not met in December for the last two years. Statute does not require the quarterly schedule.

Part 601 Chapter 2: Mississippi Postsecondary Education Financial Assistance Board

Rule 2.4 Meetings of the Mississippi Postsecondary Education Financial Assistance Board.

I. The Postsecondary Board will establish a meeting schedule and publish the schedule on the Mississippi Office of Student Financial Aid website.

II. Typically, the Board will meet on a quarterly basis with meetings scheduled on the third Monday of June, September, December and March at a time and place to be agreed upon by the Board.

III. Notice of Board meetings will be provided at least five (5) days prior to the scheduled Board meeting in accordance with the Open Meetings Act.

IV. Special meetings of the Board may be called upon the occurrence of events which warrant the consideration and attention of the Board.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

C. Chapter 8, Rule 8.3 to Address the Timing of Balancing and Refunds

Summary:
Statute requires the institutions to submit a complete and accurate roster of the eligibility status of students each term and to refund monies in certain situations of ineligibility. The proposed language was drafted to encourage the institutions to complete these required processes in a more timely manner.

Part 601 Chapter 8: Rights and Responsibilities

Rule 8.3 Institutional Responsibilities. It is the responsibility of each institution eligible for state student financial aid to:

I. Submit grade files by the deadline each term.

II. Submit enrollment files by the deadline each term.

III. Review award, disbursement, and balance reports published by the Office each term.

IV. Notify the Office of any discrepancies related to residency, citizenship, or financial need.

V. Ensure that no state financial aid recipient receives an aid package that exceeds cost of attendance.
VI. For all returning students, a complete and accurate report of the student’s cumulative grade point average on all college course work attempted as of the end of the previous semester or trimester should be submitted to the Board within five (5) days of beginning of any given semester or trimester.

VII. For all students, a complete an accurate roster of the eligibility status of each recipient shall be submitted to the Board by the final add/drop date of each semester or trimester of the academic year the student receives a grant.

VIII. A balancing statement and certification statement, verifying monies disbursed to all students, must be submitted before at the end of the semester or trimester to the Board. Funds for a given term will not be disbursed until the balancing process for the previous term is complete.

IX. Refunds due to the Board must be received and processed within thirty (30) days of the end of each aid year. Funds for the subsequent aid year will not be disbursed until all refunds have been received and processed for the preceding aid year.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

3. Approval of Updates to APA Part 605 – General Administration Rules and Regulations:

On motion by Dr. Burnett, seconded by Mr. Bush, all Board Members legally present and participating voted unanimously to approve Regular Agenda Item #3, upon correction of a typographical error occurring in Part G (Part 605, Section V, I, 3).

The Board previously approved updates to APA Part 605 in March 2017. APA Part 605 is included as Appendix 2, beginning on page 71.

A. Sections I, C, 2. and II, D, 2, b) to Address Legal Custody and Emancipation in Relation to Dependency Status

Summary:
The Office follows the federal rules for determining a student’s dependency status. The federal rules require that a student in a legal guardianship be treated as an independent student for financial aid. The federal rules do not address legal custody, but state attorneys indicate that guardianship and custody are terms often used interchangeably by Mississippi courts. The proposed language adds the term “legal custody” to the document description for “legal guardianship” and to the qualifications of an “independent” student. The proposed language also clarifies that “emancipation” is not recognized as a determinant for dependency status.

I. APPLICATION PROCESS

C. The following supporting documents may be requested to complete an application for state student financial aid. The documents are grouped according to the purpose for which they are requested.
2. Dependency Documentation – Students with certain family circumstances may be considered “independent” for purposes of receiving financial aid. The student may be asked to verify such circumstances by providing documentation. In some cases, the Office may defer to the institution’s decision concerning the student’s dependency status.

   a) Legal Guardianship or Custody – The student must provide court documents proving legal guardianship or legal custody of student by someone other than the student’s parents.

...  

II. DETERMINING ELIGIBILITY:

D. Special Issues Related to Determining Eligibility

2. Dependency Status

   a) For the purpose of awarding state financial aid, the Office will follow the federal guidelines for classifying a student as “dependent” or “independent.”

   b) To be “independent”, a student must:

      (1) Be at least 24 years old;

      (2) Be married;

      (3) Be pursuing a graduate degree;

      (4) Be serving on active duty in the U.S. Armed Forces for purposes other than training;

      (5) Be a veteran of the U.S. Armed Forces;

      (6) Have a child or children for which the student provides more than half of the support;

      (7) Have other dependents who live with the student for which the student provides more than half of the support;

      (8) At any time since the age of 13, both parents of the student have been deceased, the student has been in foster care, or the student has been a dependent ward of the court;

      (9) Be in a legal guardianship or legal custodial relationship as determined by a court in Mississippi; or
Be an unaccompanied youth who is homeless or self-supporting and at risk of being homeless as determined by the high school or school district homeless liaison, by the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development, or by the director of a runaway or homeless youth basic center or transitional living program.

Emancipation solely for purposes of financial aid is not recognized to establish independent student status.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

B. Section I, C, 3, b) to Add a Description of Homeschool Transcript Requirements in the List of Acceptable Merit Documentation

Summary:
The current policy lists the Official High School Transcript as one of the acceptable forms of support documentation, but the policy assumes the transcript is from a traditional public or private high school. The proposed language completes the document description by detailing what is required for homeschool transcripts.

I. APPLICATION PROCESS

C. The following supporting documents may be requested to complete an application for state student financial aid. The documents are grouped according to the purpose for which they are requested.

3. Merit Documentation - The Office will collect documents to determine a student’s academic or merit eligibility for state student financial aid.

   b) Official High School Transcript - The official high school transcript should include all courses attempted, completed or in progress; the GPA on a 4.0 scale; and the ACT/SAT score if available. A homeschool transcript must be signed and notarized.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

C. Section II, D, 1, g) to Address Eligibility for Aid When a Parent Moves Out of State Mid-Year

Summary:
The current policy reflects the statute regarding the residency status of a dependent student when the parent moves out of state. The proposed language addresses the awarding of aid in such situations.

II. DETERMINING ELIGIBILITY

D. Special Issues Related to Determining Eligibility

1. Residency

   g) Effect of Removal of Parents from Mississippi (§ 37-103-11) - If the parents of a dependent who is enrolled as a student in an institution of higher learning move their legal residence from the State of Mississippi, the dependent is immediately classified as a non-resident student. If a student is determined to be a non-resident before state financial aid funds are disbursed to the school, the funds will be cancelled. The student will not be eligible for state financial aid since the student is considered a non-resident. If a student is determined to be a non-resident after state financial aid funds are disbursed to the school, the student may keep the funds for that term. However, the student will not be eligible for state financial aid for subsequent terms.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

D. Section II, D, 3, f) to Address Eligibility for Aid When a Student Participates in an Internship Program

Summary:
Statute states that students must maintain continuous enrollment, unless granted an exception for cause; examples for cause may include student participation in a cooperative program, internship program or foreign study program. The current policy addresses cooperative programs (co-ops) and study abroad programs but does not address internships. The proposed language addresses eligibility for aid when a student fails to maintain continuous full-time enrollment due to participation in an internship.

II. DETERMINING ELIGIBILITY

D. Special Issues Related to Determining Eligibility

3. Continuous Full-Time Enrollment

   f) Internships and Continuous Full-time Enrollment - A student who experiences a break in continuous full-time enrollment due to the completion of a qualifying internship during the fall, winter, or spring term(s) may submit an appeal to receive aid the following term. To qualify, an internship must either be required by the attending institution or lead to earned credit hours.
Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

E. **Section II, D. to Define “First-time College Student”**

**Summary:**
Students who take dual credit, dual enrollment, AP, IB, and other college-level courses frequently graduate from high school with college credit. Some even enter college with more than 12 college credits, thereby clouding the definition of a first-time college student. The proposed policy change attempts to define first-time college students in such a way as to ensure that high-achieving students are not penalized for earning college credit before full-time college enrollment.

II. **DETERMINING ELIGIBILITY**

D. Special Issues Related to Determining Eligibility

3. **First-time College Student**

   a) A first-time college student is any student who has fewer than 12 hours of postsecondary academic credit.

   (1) Postsecondary academic credit earned prior to or during the summer immediately subsequent to receiving a high school diploma or earned while dually enrolled in secondary and postsecondary educational institutions, or while enrolled in the early admission program of a postsecondary institution shall not be considered when determining if a student is a first-time college student.

   (2) Postsecondary academic credit granted by an institution for Advanced Placement (AP) or International Baccalaureate (IB) courses completed in high school shall not be considered when determining if a student is a first-time college student.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

F. **Section II, E, to Update the Appeal Process**

**Summary:**
Since the Board changed the definition of full-time from 12 hours to 15 hours in 2016-17, the Office has seen a substantial increase in the number of student appeals. From 2007-08 through 2015-16, the Office considered an average of 69 appeals per year. The most appeal requests considered in a year was 95. In 2016-17, the Office considered 557 appeals. The appeal process
was updated by the Board during the 2016-17 aid year, but the Office is seeking further guidance. The proposed policy changes address the appeal process as well as common appeal-related issues.

II. DETERMINING ELIGIBILITY

E. Appealing Determinations of Ineligibility

1. A student who applies for state financial aid and is determined to be ineligible due to 1) full-time enrollment status, 2) continuous full-time enrollment status, or 3) satisfactory academic progress may appeal to the Office in writing.

2. The Office will not hear appeals related to deadline dates, residency, grade point average (either high school or college), and ACT/SAT scores. If the Office has made a determination of eligibility based on an incomplete/incorrect transcript or grade verification, the student should have the high school or college submit an official updated grade verification directly to the Office.

3. The appeal process is as follows:

   a) Student submits a Mississippi Office of Student Financial Aid Appeal Form written appeal which addresses the reason why the student was deemed ineligible and the reason why the Office should consider making an exception to the eligibility requirement. Acceptable reasons for appeal include:

      (1) Student or, in some cases, an immediate family member undergoes a significant personal event that prevents the student from maintaining continuous full-time enrollment, such as serious illness, personal injury, divorce, or death of an immediate family member.

      (a) An immediate family member is defined as a parent, spouse, sibling, or child.

      (b) A significant personal event includes serious medical problem or illness, accident or injury, divorce, abuse, death of an immediate family member, or military service.

      (2) Student is nearing degree completion and does not have enough hours remaining to warrant continuous full-time enrollment. For the 2016-17 academic year, students with 6 to 17 credit hours remaining in the course of study may appeal for an exception for a single term. Students with 18-29 credit hours remaining in the course of study may appeal for an exception
for two terms, BUT one semester must carry at least 12 hours and the other semester must carry at least six 6 hours. Such students may appeal for an exception for a single term. No appeal will be accepted, and no aid will be disbursed for any semester carrying less than 6 hours. Beginning with the 2017-18 academic year, only students with 6-14 credit hours remaining may appeal for an exception for a single term.

(3) Student experiences a break in continuous full-time enrollment due to the completion of a qualifying internship during the fall, winter, or spring term(s). To qualify, an internship must either be required by the attending institution or lead to earned credit hours.

b) The personal event appeal should be accompanied by appropriate supporting documentation. The nearing degree appeal should be accompanied by a letter on institutional letterhead from the appropriate dean, director, or academic advisor. The letter from the faculty/administrator should indicate 1) the expected graduation date, 2) the total number of hours the student needs to complete his/her degree, and 3) the number of hours the student intends to take each term.

(1) For a medical problem or serious illness (physical or mental), the supporting documentation must include appropriate medical reports that identify the inception and duration of the illness. Supporting document(s) should clearly indicate whether the medical condition is under control, thus allowing the student to meet all eligibility requirements. Supporting documents should include, but are not limited to, medical reports and letters from a doctor or professional counselor.

(2) For an accidents or injury, the supporting documentation must identify the date of the accident or injury and describe the resultant medical problems. Supporting documents should include, but are not limited to, police and medical reports.

(3) For a family problem such as divorce, abuse, and death or serious illness of an immediate family member, the supporting documentation must identify the student’s relationship to the family member(s) involved and the inception and duration of the problem. Clearly state what actions have been taken to manage the problem, thus allowing the student to meet all eligibility requirements. Appropriate supporting documents...
include, but are not limited to, police and/or medical report(s), death certificate, divorce decree, and letter(s) from a professional counselor.

(4) For military service, supporting documentation must identify the dates and status of the student’s military tours of duty. Appropriate supporting documents include military orders and discharge papers.

c) Only one appeal will be considered per personal event. Any additional appeals must demonstrate a new mitigating circumstance beyond the student’s control.

d) The nearing degree appeal should be accompanied by a letter on institutional letterhead from the appropriate dean, director, or academic advisor. The letter from the faculty/administrator should indicate 1) the expected graduation date, 2) the total number of hours the student needs to complete his/her degree, and 3) the number of hours the student intends to take each term.

e) The internship appeal should be accompanied by a letter on institutional letterhead from the appropriate dean, director, or academic advisor that states the date of the internship, the number of credits received, and if required by the institution.

f) The written appeal Mississippi Office of Student Financial Aid Appeal Form and supporting documentation should be mailed to the Mississippi Office of Student Financial Aid, 3825 Ridgewood Road, Jackson, MS 39211. The appeal Form and documentation may also be faxed to 601-432-6527 or emailed to sfa@mississippi.edu.

g) The written appeal Mississippi Office of Student Financial Aid Appeal Form along with supporting documentation is reviewed by a Program Administrator to ensure that the issue may be considered for appeal.

h) The Program Administrator presents the Mississippi Office of Student Financial Aid Appeal Form written appeal, supporting documentation, and any other necessary documentation/data related to the student’s file to the Appeals Committee.

i) The Appeals Committee reviews information. The Committee may request additional information from the student and/or other parties.

j) The Appeals Committee issues a decision. The Committee’s decision is final. The Director of Student
Financial Aid is not authorized to overturn the decision of the Appeals Committee.

k) The decision is delivered in writing to the student and a copy is kept for the student’s file.

l) There is no deadline for appeals. Appeals are received and considered year-round.

Recommendation:
The recommended changes have been reviewed by the Office of the Attorney General. Board approval is recommended, contingent upon completion of the Administrative Procedures Act process.

G. Section V. to Add a Section on Loan Servicing and Repayment Process

Summary:
The current policy does not address how the Office handles the servicing of loans or the loan repayment process. The proposed language adds a new section to the General Administration Rules to address loan servicing and repayment.

V. Loan Repayment and Servicing Process

A. Third-party Servicer

1. A third-party vendor will service all the state’s forgivable loan accounts.

2. The vendor will provide an online platform where a student may electronically participate in Entrance Counseling and sign the Master Contract and Note before receiving funds.

3. The vendor will complete all billing and collections functions on behalf of the Office.

4. The vendor will supply online account access for every student borrower, where the borrower may make payments, download and file deferment and cancellation forms, set up automatic payments, etc.

5. The vendor will provide customer service representatives to answer questions related to the deferment, cancellation, and repayment of forgivable loans.

B. Loan Recipient Responsibilities

1. While receiving funds, the loan recipient must at all times keep the Office informed of the recipient’s current, correct, and complete contact information. This information may be updated via the student account online at www.mississippi.edu/financialaid. Once in repayment, the recipient must at all times keep the loan servicer informed of the recipient’s current, correct, and complete contact information until the debt is completely satisfied.
2. A loan recipient should address in writing to the Office or the loan servicer any special circumstances regarding enrollment status, withdrawal from school, or failure to complete the approved program of study.

C. Repayment

1. A forgivable loan recipient enters repayment when the recipient completes the approved program of study, withdraws from school, fails to complete the approved program of study, or fails to obtain the necessary license (if required for employment).

2. Repayment with service or money must begin by the month after the applicable event outlined in section V.C.1.a) above, unless the recipient is granted a grace period, in which case repayment must begin by the month after the expiration of the grace period.

3. The recipient may repay the loan debt either through service or by making monetary payments.

D. Grace Period and Other Deferments

A deferment is a postponement of payment for a defined period of time for a specific purpose. The grace period is a type of deferment.

1. Grace Period

a) Loan recipients who complete their approved program of study receive a grace period, which is outlined in the Master Contract and Note signed by the student prior to receiving any award from the Office.

b) Most forgivable loans carry a 12-month grace period, but some carry only a 1-month grace period. The Master Contract and Note details the duration of the grace period.

c) The student borrower may utilize the grace period to seek and secure qualifying employment.

d) A loan recipient who does not complete the approved program of study will not be granted a grace period and will enter repayment immediately upon separation from the approved program of study. In some cases, such a recipient may be eligible for an in-school deferment.

2. Residency Deferment
a) A residency deferment is available to students in specific loan programs. These deferments are outlined in the Master Contract and Note.

b) At the beginning of each year of residency, the loan recipient should submit a Residency Deferment Form.

3. In-School Deferment

a) A loan recipient who does not complete the approved program of study, but remains enrolled at least part-time, may request deferment for the purpose of remaining in school.

b) The in-school deferment must be requested in writing to the loan servicer and must be accompanied by verification of at least part-time enrollment from the attending institution.

c) The in-school deferment must be requested by the recipient and approved every term (except Summer) throughout the duration of the deferment.

4. Temporary Disability Deferment

a) A loan recipient who is unable to secure or continue employment because of temporary disability may request deferment.

b) To qualify, a recipient must be unable to work and earn money due to the disability for at least sixty (60) days or be providing continuous care for a dependent or spouse during a period of at least (90) consecutive days.

c) The temporary disability deferment must be requested in writing to the loan servicer and must be accompanied by certification from a Doctor of Medicine or Osteopathy who is legally authorized to practice medicine.

d) The temporary disability deferment must be requested by the recipient and approved every six (6) months throughout the duration of the deferment and condition for a total period of time not to exceed three (3) years.

5. Military Service Deferment

a) In terms of military service, the following definitions shall apply:

(1) REQUIRED military service is that service which is required of an individual in the service of the Armed Forces of the United States; it does not include a military service obligation incurred to repay a grant, stipend or scholarship.
OBLIGATED or VOLUNTARY military service is that service which is performed by the individual in repayment of a debt owed the United States government as a result of military scholarships, ROTC scholarships, etc. received by the individual. Service is VOLUNTARY if the individual is not obligated to incur a period of military service but chooses to incur the service obligation.

b) A loan recipient may request deferment during the time of required military service.

c) The military deferment must be requested in writing to the loan servicer, stating the beginning and ending dates of the required military service, and must be accompanied by a copy of the military orders.

d) The military deferment must be requested and approved on a year-to-year basis (annually).

e) If a loan recipient continues military service for any reason beyond the REQUIRED time, then that person shall be declared ineligible for additional military deferment.

f) If a recipient obligates himself/herself to VOLUNTARY military service, then the recipient shall be declared ineligible for military deferment.

E. Repayment through Service

1. Service Deferment

a) The loan recipient who completes the approved program of study, earns the necessary license (if required), and obtains appropriate employment may request a service deferment.

b) The loan recipient must submit to the third-party servicer a Service Deferment Form at the beginning of each and every year of employment until the debt is paid in full.

c) The deferment form must be submitted by the month after the expiration of the grace period.

2. Service Cancellation

A cancellation is a clearing of all or part of the debt.
a) Loan recipients who render employment according to the terms of their Master Contract and Note may request service cancellation.

b) For service cancellation, the loan recipient should submit to the third-party servicer a Service Cancellation Form at the end of each and every year of employment until the debt is paid in full.

F. Monetary Payments

1. The loan recipient who does not repay the loan through service must begin making payments by the month after the recipient completes the approved program of study, withdraws from school, fails to complete the approved program of study, fails to obtain the necessary license (if required for employment), or the expiration of the grace period if granted.

2. Amount, Frequency, and Duration of Payments

   a) The loan recipient is liable for the sum of all loan awards made to that person less the corresponding amount of debt previously cancelled through service, plus a penalty of 5% of the outstanding principal, and interest on the combined outstanding principal and penalty.

   b) The rate of interest is the current unsubsidized Federal Direct Loan rate at the time of the occurrence of one of the events outlined in section V.F.2.a). Interest begins accruing at the time of occurrence of one of the events outlined in Section V.F.2.a).

   c) To keep the account current, loan recipients must repay the loan (principal, penalty, and interest) in equal consecutive monthly installments. The number of installments is outlined in the recipient’s Master Contract and Note.

3. Past Due and Delinquent Accounts

   a) An account becomes past due when the recipient fails to make the minimum monthly payment.

   b) An account becomes delinquent when the account becomes 4 months past due.

   c) A loan recipient with a past due or delinquent account may request to “reschedule” the minimum monthly payments to keep the account from being turned over to a collection recovery agency. “Rescheduled” accounts are still considered to be past due or delinquent until any past due balance is paid in full.
d) Delinquent accounts are considered to be in default during the 5th month past due. At such time, the account is accelerated and placed with a collection recovery agency and submitted for tax offset.

(1) When an account is accelerated, the sum of the outstanding principal, penalty, and interest becomes the new balance due.

(2) A collection commission is applied to the new balance, and interest accrues on the sum of the new balance and collection commission.

G. Collection of Defaulted Forgivable Loan Accounts

1. Collection Agencies

a) The Office partners with third-party collection recovery agencies to collect on defaulted accounts.

b) Collection efforts by these agencies include, but are not limited to paper correspondence, electronic correspondence, and phone calls.

c) Collection costs are borrower-paid. When an account is placed with a collection agency, a collection commission is added to the accelerated balance. Interest then accrues on the combined accelerated balance and collection commission.

2. Tax Offset

a) When a borrower’s account is placed with a collection agency, the third-party servicer also reports the account to the Mississippi Department of Revenue.

b) The Department of Revenue may intercept individual and joint State of Mississippi income tax returns in an effort to collect on defaulted forgivable loan balances.

c) The intercepted tax return is applied first to past due interest, then to current interest, and lastly to the outstanding principle balance.

d) Refunding of Tax Offset Intercepts

(1) If the tax offset payment is intercepted from a joint return, a not-at-fault spouse may be entitled to a portion of the refund. In this case, the borrower may appeal to the Office on behalf of the not-at-fault spouse in order to procure a portion of the refund for said spouse.
The Refund Process for State Tax Offset Payments is as follows:

(a) The borrower receives the initial notification letter from the Mississippi Department of Revenue confirming their state tax refund has been intercepted by the Mississippi Institutions of Higher Learning to repay a defaulted forgivable loan debt.

(b) The borrower may submit a written appeal to the Office for the portion of the refund due to the not-at-fault spouse.

(c) The appeal must be received by the Office no later than 30 days after the date of issuance of the letter from the Department of Revenue.

(d) The Office will request W-2 employment wage verification forms from each spouse to verify the proportionate amount of tax each spouse contributed within the last calendar year.

(e) After reviewing the W-2 documents, the office will make a determination of the percentage of the refund attributed to the not-at-fault spouse.

(f) A refund check reflecting the proportionate amount of tax available to return along with a finalization letter will be issued to the not-at-fault spouse.

H. Credit Reporting

1. State Forgivable Loans are reported to the credit bureaus monthly.

2. Credit reporting is completed by the third-party servicer.

3. Accounts are reported using the standard credit reporting codes.

I. Cancellation through Death or Disability

1. Death

   a) If a loan recipient dies, then the recipient's obligation to repay the loan or render service is canceled.
b) The Board shall require a copy of the death certificate or other proof of death that is acceptable under applicable State Law. If a death certificate or other acceptable proof of death is not available, the recipient's obligation for service or repayment on the loan is canceled only upon a determination by the Board on the basis of other evidence that the Board finds conclusive.

c) The Board may not attempt to collect on the loan from the deceased recipient's estate.

2. Total and Permanent Disability

a) If a loan recipient becomes totally and permanently disabled, the recipient may request cancellation of the outstanding balance.

b) A recipient is not considered totally and permanently disabled on the basis of a condition that existed before he/she applied for the forgivable loan, unless the recipient's condition has substantially deteriorated since he/she submitted the forgivable loan application, so as to render the recipient totally and permanently disabled.

c) To demonstrate total and permanent disability, the recipient or the recipient's representative must submit the Disability Cancellation Form. The form must include a certification from a physician, who is a doctor of medicine or osteopathy and legally authorized to practice, on a form provided or approved by the Board, that the recipient is totally and permanently disabled.

d) Other documents may be requested.

e) Collection efforts will continue until the physician certification is received or until notice is received from the physician stating that the certification has been requested and additional time is needed.

f) The physician certification and all requested documents must be submitted within 60 days of the borrower’s request for cancellation.

g) The borrower’s outstanding debt will be cancelled only after the borrower is deemed to be totally and permanently disabled in accordance with the physician certification and supporting documents.

1-3. State of Mississippi forgivable loans cannot be discharged or cancelled through bankruptcy.

2-4. Forgivable loan cancellation forms can be found at the following link: http://www.mississippi.edu/repayment.

4. Approval of APA Part 621 – Nissan Scholarship (NISS) Rules and Regulations:

On motion by Mr. Bush, seconded by Ms. Langston, all Board Members legally present and participating voted unanimously to approve Regular Agenda Item #4.

The Postsecondary Board has never approved APA Part 621. The IHL Board previously approved Rules and Regulations for the Nissan Scholarship.

The Rules have been reformatted, but only substantive changes appear in red. Most of the redline changes were requested by Nissan North America.

INFORMATION ITEMS

8. Update on Old Business:

The Board received an update on the status of the online application for student financial aid and the student financial aid redesign project.

A. Online Application Rewrite

In November 2017, IHL, on behalf of the Office of Student Financial Aid, entered into a Master Agreement with Mississippi State University, on behalf of the National Strategic Planning & Analysis Research Center (NSPARC). The agreement allows NSPARC to issue Work Orders on a continuing basis for the maintenance and development of the SFA online application. The first Work Order has been issued in the amount of $18,000 for NSPARC to assume control and maintenance of the existing application from ITS. The next Work Order will be issued for the development of the new application. The anticipated cost of the new application is expected to be around $200,000, which is considerably less than the $350,000 cost initially quoted by Mississippi Interactive. Also, NSPARC will not charge a fixed annual fee for maintenance and ongoing development. They will only charge for the actual costs incurred for annual maintenance, estimating about $30,000 to $35,000 each year, compared to the $70,000 estimated by Mississippi Interactive.

B. Student Financial Aid Redesign Project

A formal request was submitted to and approved by the LifeTracks Board to address the following research questions:

1. Do beneficiaries of each of the following financial aid programs experience better outcomes (i.e. persist and graduate at higher rates, find employment at higher rates, earn higher average incomes, etc.) than similar (i.e. income, race, academic prep in high school, etc.) students who do not receive aid?
   a. Mississippi Tuition Assistance Grant
   b. Mississippi Eminent Scholars Grant
   c. Higher Education Legislative Plan for Needy Students

2. Does the availability of the Mississippi Eminent Scholars Grant increase in-state enrollment of high-achieving students?
3. Do forgivable loan recipients stay in appropriate fields of employment after completing the service obligation?

A feasibility study was conducted, the research methodology was approved, and the study is currently underway.

Next Steps:
- Draft study results are expected by the end of April or early May.
- The Office will have an opportunity to review the results and ask questions.
- The study will be finalized, and a report will be published. The final report is anticipated by late May or early June.
- A Task Force (legislators, college presidents, financial aid directors, board members, others) will be convened to review the report, identify opportunities for change or improvement, and develop recommendations for consideration by the 2019 Legislature.
- A moderator will be selected to lead discussions and facilitate the work of the Task Force.
- The Office will support the Task Force by conducting financial analysis and modeling.

9. Update on Office of Student Financial Aid Operations:

The Board received an update on the student financial aid website and staffing.

A. Website

The Mississippi Office of Student Financial Aid’s online presence is part of the state’s college access portal. The portal, branded as Rise Up, was first created in 2007. It was redesigned in 2013. The P-20 collaborative, which includes IHL, MCCB, MDE, SFA and Get2College, are in the process of redesigning the website. With this redesign, the site will also be rebranded as My Way Mississippi.

B. Staffing

Apryll Washington was promoted in July 2017 to Assistant Director of Policy and Planning. Meg Harris’ title was changed to Assistant Director of Operations to reflect her revised duties. Corey Hicks, Loan Repayment Specialist, will be leaving at the end of May. A position announcement has been posted to fill his position.

ADDITIONAL AGENDA ITEMS IF NECESSARY

The Board did not consider any additional agenda items.

OTHER BUSINESS/ANNOUNCEMENTS

The Board did not consider any other business. No announcements were made.

EXECUTIVE SESSION IF DETERMINED NECESSARY

On motion by Mr. Bush, seconded by Ms. Ross, all Board members legally present and participating voted unanimously to close the meeting to determine whether or not it should declare an Executive Session. On motion by Mr. Bush, seconded by Ms. Langston, all Board
members legally present and participating voted unanimously to go into Executive Session for the reason reported to the public and stated in these minutes, as follows:

Discussion of a student financial aid appeal.

During Executive Session, the following matters were discussed and voted upon:

Upon request by an applicant’s parent, the Board reviewed the Director’s decision, which had been upheld by the Appeals Committee, to deny the awarding of the Mississippi Resident Tuition Assistance Grant (MTAG) during the fall of the 2017-18 academic year. Initially, the applicant was denied MTAG because the applicant did not enroll in 15 credit hours each term to establish continuous full-time enrollment. The applicant submitted an appeal that the requirement be waived because the student was nearing degree completion and only needed to take 14 credit hours each term, plus three additional hours in the summer. The Appeal Committee denied the appeal by upholding the Board policy to grant an appeal for only one term for students nearing degree completion. On motion by Ms. Langston, seconded by Ms. Ross, all Board members legally present and participating voted unanimously to uphold the decision of the Appeal Committee to deny the awarding of MTAG to the applicant until for Fall 2017.

On motion by Ms. Langston, seconded by Ms. Ross, all Board members legally present and participating voted unanimously to adjourn Executive Session and return to Open Session.

ADJOURNMENT

There being no further business to come before the Board, Dr. Turcotte declared the meeting adjourned.

1. Approval of the FY 2020 Budget Request

The Mississippi Office of Student Financial Aid requests approval of the FY 2020 Legislative Budget Request. Board policy Part 601, Chapter 9, Rule 9.1 (IV) states, “Annually, the Board will review the annual legislative budget request for the Mississippi Office of Student Financial Aid and make a budget recommendation to the Agency.”

Exhibit 1 – FY 2020 Budget Request (Page 15)

Exhibit 2 – FY 2020 Budget Narrative (Page 17)
2. Update on Website and Mississippi Office of Student Financial Aid Visual Identity

The Mississippi Office of Student Financial has partnered with other offices in IHL, the Mississippi Department of Education, the Mississippi Community College Board, and the Woodward-Hines Education Foundation to create a new college and career information website for Mississippi. The existing site, Rise Up (www.riseupms.com), will be replaced by My Way Mississippi (www.mywayms.org). The soft launch of the new site is slated for July 23 with a public launch on July 30. A press conference will be held at 10:00 a.m. to reveal the new website.

The web presence for the Office will exist on the My Way MS website, just as it currently exists on the Rise Up website. However, the Office has developed a new brand identity that will signify a separate identity from My Way MS. Notices announcing the new brand identity and new web location are going out to all applicants, high school counselors, and the institutions.

NARRATIVE
FY 2020 BUDGET REQUEST

State Student Financial Aid

The Mississippi Office of Student Financial Aid (MOSFA) is the administering agency for all state-funded student financial aid programs. The office is guided by a two-fold public service mission to provide financial assistance to students in pursuit of educational and professional goals and to help the state fulfill workforce needs in specific service areas and achieve the goal of a more educated citizenry. The office seeks to build public awareness of the diverse financial resources available through ongoing communication with individuals, colleges and universities, secondary schools, governing boards, legislators, communities, and other constituency groups.

MOSFA works independently and in partnership with other college prep and planning organizations to build public awareness of the financial resources offered by the state. The office provides information through high school counselors, college nights, parent association meetings, college fairs, and publications. Due in part to these ongoing efforts, the ever-increasing cost of attendance, and the college readiness efforts at the K-12 level, more students than ever before are expected to pursue postsecondary education, and their families are expected to seek financial assistance.

On behalf of the students and the state of Mississippi, MOSFA requests $51,111,161, which represents an increase of $8,840,287 or 20.9% over the original FY 2019 appropriated dollars. The FY 2020 request represents an increase of $10,113,287 or 25.5% in General Funds and a decrease of $1,273,000 or -48.8% in Special Funds.

1-Administration

I. Program Description: MOSFA is responsible for the comprehensive planning, management and evaluation processes required to administer the state’s many, diverse financial assistance programs. The office assesses and allocates resources, implements fiscal accountability measures, and annually evaluates all program components for compliance with statutes and legislative intent as well as for effectiveness in recruiting and retaining students in higher education in Mississippi.

II. Program Objective: MOSFA seeks to communicate the accomplishments, needs, and value of the state’s financial assistance programs to numerous and varied constituency groups; to implement effective management strategies; to be wise stewards of state resources; and to provide prompt, quality service.

III. Current program activities as supported by the funding in Columns 5-12 (FY 19 Estimated and FY20 Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A: (D) Additional Needs – ($101,766): Funds are requested to provide cost of living salary increases for all employees and a salary alignment for one employee. In FY19, funds were earmarked for the conversion and rewriting of the online state aid application. The overall decrease in funds reflects a return to the typical cost of operations following completion of that project.
2-MTAG/MESG and HELP

I. Program Description: MOSFA is responsible for the comprehensive management, including budgeting, disbursement of funds and evaluation, of three (3) grant programs. In March of 1995, two (2) grant programs, the Mississippi Tuition Assistance Grant (MTAG) and the Mississippi Eminent Scholars Grant (MESG), were created to assist Mississippi students who do not qualify for full Pell grants. In April of 1997, an additional grant program, the Higher Education Legislative Plan for Needy Students (HELP), was created to provide need-based financial assistance, as determined by parental adjusted gross income.

II. Program Objective: Provide adequate resources to support the delivery of the three (3) grant programs and to ensure compliance with the appropriate state laws in delivering financial aid.

III. Current program activities as supported by the funding in Columns 5-12 (FY 19 Estimated and FY 20 Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Additional Needs - $4,878,003: The cost of MTAG decreased during FY 2017 because the state transitioned from a definition of full-time enrollment as 12 hours per term to 15 hours per term. The 2017 Legislature then passed two rules that is further impacting program participation rates and projections. The Office can no longer award MTAG in conjunction with other state grant aid, which caused MTAG expenditures to again drop significantly in FY2019. Also, the Office must now check grades at the completion of every term, rather than annually, which was expected to cause MESG and HELP expenditures to drop modestly. Neither MESG nor HELP experienced decreases. Rather, both programs saw substantial growth. The income threshold for HELP eligibility was scheduled to increase to $42,500 in the 2016-17 academic year, but the threshold has been frozen at $39,500 since the FY17 SFA appropriation bills. This budget anticipates that the freeze will continue in future years. The MTAG request is $10,826,280, which represents an increase of $218,828 over FY19 projections. The MESG request is $7,380,000, which represents an increase of $348,000 over FY19 projections. The HELP request is $26,484,675, which represents an increase of $4,311,175 over FY19.

3-FORGIVABLE LOAN AND REPAYMENT PROGRAMS

I. Program Description: MOSFA operates the following student financial aid teacher programs: Graduate Teacher Forgivable Loan Program (GTS), Counselor and School Administrator Forgivable Loan Program (CSA); William F. Winter Teacher Forgivable Loan Program (WWTS) and William Winter Alternate Route Teacher Forgivable Loan Program (WWAR); Critical Needs Dyslexia Therapy Teacher Forgivable Loan Program (CNDT); Mississippi Teacher Loan Repayment Program (MTLR); and the Teacher Education Scholars Forgivable Loan (TES) Program. MOSFA operates the following student financial aid nursing programs: Nursing Education Forgivable Loan Programs for baccalaureate, masters, and Ph.D. study
(NELB, NELR, NELM, NERM, and NELP) and Nursing Teacher Stipends (NTSP).
